

# Hero Story Ideas

For this assignment, pick one each from A and B below.

## A. Pick an idea (or make your own):

- An inventor creates a device that freezes time. When it falls into the hands of an alien government, he must try and stop it by any means necessary.
- Your character has just inherited a haunted mansion in a remote European village.
- A villain infiltrates the hero's inner circle by pretending to be an ally.
- Aliens threaten to destroy the Earth if we don't pay them a tribute—all the pets on Earth. Everyone obeys, turning in their pets for departure. But there's one kid who refuses.
- I was never the hero you wanted me to be.
- In fairytales, the hero usually enters the cave to slay the dragon. Not to join him.
- A: "Mom! I'm an internationally feared super villain!"  
B: "Of course you are, sweetie."
- A: "Wow, that's literally the most useless superpower ever."  
B: "I'll show you useless!"

## B. Pick a story type:

- Overcoming the Enemy
- Rags to Riches
- Quest
- Voyage and Return
- Rebirth/Redemption

C. Now, use the [Story Structure Graph](#) or a [Story Spine](#) to plan your story
